FarmBox to Table

Last month's FarmBox to Table event was a hit! Residents enjoyed delicious lemon-garlic rainbow chard, fresh salad with edible flowers, and rice with veggies made from our very own harvest. Everyone walked away with fresh produce grown right here on-site, plus a handy tote bag. We're excited to continue our sustainability initiatives and provide more opportunities for residents to live sustainably at Barham Villas.

What Residents Are Saying

Taylor T.

"My husband and I recently moved into this complex and are thoroughly impressed with the cleanliness and upkeep of the amenities and overall grounds at this apartment complex. From the moment you step into the clubhouse/laundry common area, it's clear that attention to detail is a top priority. The gym is spotless and there's

always someone ensuring everything is tidy and functional for the next resident to use! The pool area is pristine, with sparkling water and neatly arranged lounge chairs that invite relaxation. Even the shared spaces like the grilling stations and community lounge are immaculately maintained, making it a pleasure to use them, which we often do! :)”
